Disclaimers:

This document contains forecasts of future economic events and assumptions, which may or may not occur. Aspect Health, Inc. ("Aspect Health", "we", "us" or "Sponsor") has an incentive to predict that the project as described herein will be a favorable investment. All projections are inherently subject to varying degrees of uncertainty, and their achievability depends on the timing and profitability of a complex series of future events, both internal and external. Further, no assurances can be or are made herein that there will not be adverse legislation or administrative changes from pending or other proposals which may develop, any of which could adversely affect the tax consequences and assumptions set forth in the this Private Offering Memorandum and the exhibits attached hereto or other documentation in connection herewith (collectively, the "Memorandum"); accordingly, the forecasts set forth herein should not be relied upon to indicate actual results. As mentioned throughout the Memorandum, there are several supporting documents presented as exhibits or addendums of this Memorandum. In addition to these documents, you are provided the opportunity to fully review any and all documentation concerning and in connection with the investment.

Confidential Memorandum:

This Private Offering Memorandum has been prepared by Sponsor for review by qualified prospective investors. We are supplying this Memorandum to you solely for your use in evaluating the offering of ownership interests in AH-RE Centerock, LLC, a Connecticut limited liability company ("Centerock" or "Company"), which Company has been established for the sole purpose of conducting this transaction and owning the Property (as hereinafter defined).

The information contained in this Memorandum has been prepared to assist you in making your own assessment of the property and does not purport to contain all of the information that you may desire. In all cases, you should conduct your own investigation and analysis of the Property and of the information set forth in this Memorandum. In making an investment decision, you must rely on your own examination of the Property and the terms of the offering, including the merits and risks involved. It is especially important for you to carefully examine and analyze all of the documentation concerning and in connection with this Memorandum, including but not limited to the Lease Agreement (as hereinafter defined). These documents contain many material terms that are not summarized in this Memorandum and can only be evaluated by examining the actual documents.

This Memorandum includes statements, estimates and projections with respect to the Company's future performance. Such statements, estimates and projections reflect our assumptions concerning anticipated results. These assumptions may or may not prove to be correct. No representations are made by us or herein as to the accuracy of such statements, estimates or projections. Although we will provide you with additional information concerning the Property during the evaluation period to update or correct information in this Memorandum, we are not obliged to update, or correct information actually set forth in this Memorandum.

By accepting this Memorandum, you acknowledge and agree (for yourself and your advisors) that all the information contained herein is to be held in the strictest confidence. Without limiting the generality of the foregoing, you agree that you will not transmit, reproduce, or make this Memorandum available, in whole or in part, to any other person other than your legal, tax, accounting and other advisors assisting in your evaluation of the securities and the Property, and you will use this Memorandum solely for purposes of pursuing your interest in entering into a negotiated transaction with us.

If you do not wish to pursue this investment, or if you are notified that we are terminating the offering, you will return all copies of the Memorandum to the Sponsor as soon as practicable, together with any other material relating to the Company which you may have received. You will not disclose to any third party either the fact that this Memorandum has been provided to you or that any type of offering activity by the Sponsor is currently ongoing.

Any actions by you or your advisors which are inconsistent in any manner with the foregoing shall require our prior written consent. We reserve the right to negotiate with one or more parties at any time and to enter into definitive agreement(s) without prior notice to you or any other current or prospective recipient of this Memorandum. In addition, we reserve the right to terminate the investigation and proposal process at any time and to modify any data without assigning any reason.

This offering can be withdrawn at any time and is specifically made subject to the terms described in this Memorandum.

The information contained in this Memorandum is intended to be current as of the date of this Memorandum and the Sponsor is under no obligation to update this information. No representation or warranty is made as to the accuracy or completeness of such information, and nothing contained in this Memorandum is, or shall be relied on as, a promise or representation as to the future.

You should not construe the contents of this Memorandum as investment, legal or tax advice. This Memorandum and the accompanying exhibits and addendums, as well as the nature and terms of this investment, should be reviewed carefully prior to making any decision concerning an investment in the securities being offered by investment, legal, accounting and tax advisers. You will be required to stipulate in the Subscription Agreement and

Disclaimers:

Investor Questionnaire that you did not rely upon the Sponsor for tax or legal advice and that you have relied only on your own advisers for tax and legal advice.

Forward Looking Statements:

This Memorandum contains "forward-looking statements" as that term is used in the Private Securities Litigation Reform Act of 1995. Forward-looking statements address future events, developments or results and typically use words such as believe, anticipate, expect, intend, plan or estimate. For example, our forward-looking statements include the final projections and underlying assumptions included in our investment analysis and property Pro Forma sections.

These forward-looking statements are subject to numerous risks and uncertainties that may affect us. For a discussion of the risks, uncertainties and assumptions that could affect our future events, developments, or results, you should carefully review the above sections as well as the other disclosures in this Memorandum and in the documents that we refer to in the Memorandum. In light of these risks, uncertainties and assumptions, the future events, developments, or results described by our forward-looking statements in this Memorandum could turn out to be materially different from those we discuss or imply. Again, although we will provide you with additional information concerning the Property during the evaluation period to update or correct information in this Memorandum, we are not obliged to update or correct information actually set forth in this Memorandum.

Who Should Invest:

This investment involves a high degree of risk and is suitable only for persons of substantial financial means who have no need for liquidity in their investments. The Company has adopted as a general investor suitability standard the requirement that each investor subscriber represent that:

- The investor is acquiring interests in the Property for investment and not with the intent to resell or distribute.
- The investor can bear the economic risk of losing his entire investment.
- The investor (or jointly with spouse) has a net worth of at least $1,000,000, or his/her income must have exceeded $200,000 in each of the two most recent years (or $300,000 including spouse's income), and the investor has a reasonable expectation of reaching the same income level in the current year.
- His/her overall commitment to investments which are not readily marketable is not disproportionate to his/her net worth, and his/her investment in the Property will not cause such overall commitment to become excessive.
- The investor has substantial experience in making investment decisions of this type or is relying on a purchaser representative in making this investment decision.

These suitability standards are for individuals only. Trusts or other entities, including grantor trusts, IRA accounts and other personal investment vehicles have different suitability standards, and you must contact us to determine eligibility.

The suitability standards referred to above represent minimum suitability requirements for prospective investors. The satisfaction of such standards by a prospective investor does not necessarily mean that the Property is a suitable investment for such investors.

The representations of each prospective investor will be reviewed to determine the suitability of that investor. The Company will have the right to refuse a subscription if, in its sole discretion, it believes that the prospective investor does not meet the applicable suitability requirements or that the Property is otherwise an unsuitable investment for the prospective investor.

It is anticipated that comparable suitability standards will be imposed by the Company in connection with any resale of the property interest; any such resale is subject to certain restrictions and may result in substantial adverse tax consequences.

Executive Summary:

Property Overview:

Montefiore Health System (S&P BBB-) ("Montefiore" or "Tenant") is the lessee of a 61,178 square foot mission-critical, best-in-class "Comprehensive Orthopedic and Spine Center" situated on a five-acre site located at 3 Centerock Road in West Nyack, New York (the "Property"), on an absolute triple-net, long-term thirty (30) year lease. The Property, which was constructed in 2024, includes three (3) Certificates of Need's ("CON's") across four distinct uses, and offers comprehensive academic musculoskeletal care, including orthopedic care and surgery, minimally invasive spinal intervention, pain management, imaging services and physical rehabilitation programs. With forty (40) patient exam rooms, three (3) x-ray suites, one (1) MRI suite, four (4) orthopedic sized operating rooms, two (2) procedure rooms, and fourteen (14) pre- and post-surgical bays, the Property consists of some of the most progressive design and technological advances in the market today, and was purposefully developed for Montefiore to offer a one stop, human centered approach to musculoskeletal heath for Rockland County and the surrounding counties. With every detail being meticulously crafted to enhance the patient and provider experience, the development was focused on attracting and retaining both patients and providers to achieve positive health outcomes for the community.

Lease Overview:

Montefiore executed that certain Medical Building Lease ("Lease") dated June 21, 2021, and Sponsor subsequently constructed the Property. The Sponsor Substantially Completed the Landlord's Base Building Work on May 15, 2023, and the Landlord's Build-Out Work on January 25, 2024, as defined under the Lease, and as of the Effective Date of the Fourth Amendment to Medical Building Lease dated July 18, 2024, the Landlord's Base Building Work and Landlord's Build-Out Work has been fully completed. Sponsor and Montefiore executed that certain Rent Commencement Agreement dated January 30, 2024, which stipulated that the Commencement Date occurred on November 21, 2023, and Montefiore has timely paid rent since that date, and is fully occupying and operational within the Property. This absolute-NNN Lease has approximately twenty-nine (29) years of remaining term with a lease expiration on November 30, 2053, with the Tenant also having two (2) seven (7) year renewal options based on 90% of fair market value ("FMV").

Note that the Medical Building Lease originally contemplated a twenty (20) year lease term, which was subsequently increased to a thirty (30) year lease term under the Fourth Amendment to Building Lease. Additionally, note that the Tenant is currently seeking a New York "Leasehold Condominium" structure (as defined in the Lease) to obtain an exemption from real estate taxes under Real Property Tax Law Section 420-a. The Tenant has a "Condominium Creation Period" (as defined in the Lease) through October 31, 2028, to effectuate a Leasehold Condominium structure. Upon creation of the Leasehold Condominium, the term of the lease shall be extended so that the lease expiration date is now the date that is thirty (30) years following the Leasehold Condominium Effective Date. In the event that the Tenant fails to create a Leasehold Condominium by October 31, 2028, then the initial term of the Lease shall continue to expire on November 30, 2053.

The Tenant is currently paying $33.34 triple net per rentable square foot ("RSF") until November 30, 2024, at which time the base rent shall subsequently escalate each year in accordance with the Rent Schedule as shown in **Exhibit I.**

Leasing Overview											
Tenant	Sq. Ft.	% Bldg	Start	Expires	$/PSF	Annual	Increases	Structure	Term	Options	Abatement
Montefiore Health System, Inc.	61,178	100%	11/21/2023	11/30/2053	33.34	2,039,862	Varies	Absolute NNN	29.1 Yrs	Two (2) Seven (7) Year	N/A

Executive Summary:

Capital Structure:

The current capitalization of the Property is $30,087,178, of which $24,100,000 is in the form of a permanent loan (the "Permanent Loan") from Union Savings Bank (the "Lender"), a regional lender, and $5,987,178 was contributed as equity. The Permanent Loan, representing approximately 80.10% Loan-to-Cost ("LTC") has a remaining term of over seven (7) years with a maturity of December 29, 2031, and bears a below-market fixed interest rate of 4.15%, with principal payments each month on a thirty (30) year amortization schedule, for a loan constant of 5.83%.

Existing equity of $5,987,178 has been contributed by AH-RE Centerock, LLC, a Connecticut limited liability company and single purpose entity, who is comprised of the following members: Aspect Nyack, LLC, a Connecticut limited liability company, and NEOSM Real Estate Holdings, LLC, a New York limited liability company (collectively, the "Equity Investors"). Aspect Nyack, LLC has a 90.00% equity voting membership interest and NEOSM Real Estate Holdings, LLC has a 10.00% equity voting membership interest (collectively, the "Equity Interests" or "Equity Interest Percentages"). The existing equity of Centerock of $5,987,178 is comprised of approximately $5,386,378 contributed by Aspect Nyack, LLC, and $600,800 contributed by NEOSM Real Estate Holdings, LLC. Cash Flow from Operations will be distributed to the Equity Investors according to their respective Equity Interest Percentages with 10.00% to NEOSM Real Estate Holdings, LLC, and 90.00% to Aspect Nyack, LLC. In addition, Equity Investors will earn net profits from a capital event (e.g., refinance or sale) that remain after all Initial Capital Contributions are returned according to their respective Equity Interest Percentage with 10.00% to NEOSM Real Estate Holdings, LLC, and 90.00% to Aspect Nyack, LLC.

The principals of Aspect Health have contributed $3,663,014 in the form of common and/or preferred equity (100% voting/95% economic interest) to Aspect Nyack, LLC, (the "Sponsor Equity Investors") and are seeking outside investors to contribute a maximum of $1,500,000 in the form of preferred equity (non-voting/5% economic interest) for the purpose of recapitalizing a portion of the Sponsor Equity Investors (jointly, such outside investors and the Sponsor Equity Investors are referred to herein as "Preferred Equity Investors"). The investment will provide Preferred Equity Investors with a distribution of cash flow with a cash-on-cash return of 8.00% (the "Preferred Return"). The Preferred Return shall be calculated on a daily basis and will be cumulative, and to the extent any Preferred Return is not paid, it shall accumulate and compound quarterly. Note that as of December 31, 2024, the unpaid accumulated Preferred Return due to Preferred Equity Investors is approximately $864,369, however, Sponsor will likely generate sufficient cash flow after debt service and the payment of Preferred Return on a current basis to begin repaying unpaid accumulated Preferred Return.

Disposition Strategy & Returns:

Levered Returns to Equity	
Aspect Health, Inc. Preferred	**Amount**
IRR	10.14%
Equity Multiple	1.51x
Average Cash-on-Cash	8.00%

It is Sponsor's opinion that the Property would be highly desirable by a REIT, Private Equity Fund, or High-Net Worth Individual or Family Office due to the Property's irreplaceable mission-critical location in West Nyack, NY, the strong credit of Montefiore Health System (S&P BBB-), the Tenant investment in the Property of nearly $40 million, the overall quality and new construction nature of the Property, and the long-term thirty (30) year absolute NNN lease. Preferred Equity Investors will earn 5.00% of the net profits on the Sponsor's 90.00% Equity Interest from a capital event (e.g., refinance or sale) that remain after all Initial Capital Contributions are returned and the Preferred Return (including the repayment of any unpaid accumulated Preferred Return) is made (the "Profits Interest"), for an anticipated return IRR of 10.14% with a 1.51x equity multiple. The Sponsor anticipates having cash flow after debt service that is sufficient to pay accrued Preferred Return on a current, quarterly basis with an 8.00% average Cash-on Cash throughout the hold period. The expected investment time frame is five (5) years.

Tenant Overview:

Montefiore is one of New York's premier academic health systems. It is comprised of 10 hospitals and more than 200 outpatient ambulatory care sites. Nationally recognized for its clinical excellence, Montefiore and its Albert Einstein College of Medicine represent the future of patient care, science and education. Montefiore Health System is rated "BBB-" by S&P Global Ratings, and, as of September 17, 2024, S&P Global Ratings affirmed its "BBB-" long term and underlying ratings on Montefiore Health Systems debt outstanding. According to S&P Global Ratings credit analyst Anne Cosgrove, "The rating reflects [S&P's] expectation that MHS will maintain its sound enterprise profile, highlighted by its essential and leading market share in the Bronx, and continued diversification of its business profile". According to its August 29, 2024, financial report, Montefiore Health System posted total operating revenue of $4.1 billion in the six months ended June 30, 2024, up from $3.7 billion posted over the same period in 2023. Montefiore also posted a net income of $57 million in the first half of 2024, up from a net income of $29.3 million over the same period in 2023.

Montefiore
HEALTH SYSTEM

Sponsor Overview:

Aspect Health, Inc., headquartered in Westport, CT, offers a vertically integrated slate of full-service real estate solutions including advisory services, site selection, entitlement, design, development and construction, acquisition, property, and asset management. Aspect Health is led by a management team with more than 225 years of combined experience that has owned and managed more than eight million square feet of healthcare, hotel, industrial, residential, retail and office real estate.

Advisory Approach that Creates Opportunities

Aspect Health starts with strategy and an advisory approach working closely with physicians, health care professionals, and health systems to understand the needs across the organization, beyond just real estate. The team works collaboratively to ensure that each user detail and need is thoughtfully considered and aligns to the overall organization's business objectives.

Physician Equity Participation & Joint Venture Partnerships

Aspect Health has successfully provided monetization strategies through partial interest acquisitions, which provides physicians the opportunity to create liquidity and participate on future upside. In addition, physicians can participate upfront in new development joint ventures. These strategic partnerships create strong alignment between tenant and landlord interests.

Transaction Experience

The Aspect Health team brings extensive experience in real estate acquisitions with its key personnel having several billion dollars of collective transaction experience. This experience in sourcing, negotiating, and closing transactions, coupled with Aspect Health's national brokerage relationships, streamlines the process of identifying and securing buildable locations or acquiring strategic redevelopment opportunities in an expedited timeframe

Management Experience & Industry Tenure

Aspect Health was founded and is led by a highly-experienced management team with more than 225 years of combined experience in all aspects of commercial real estate, including real estate acquisitions, sourcing, development, construction, management, leasing, accounting, finance, and marketing across specialized asset types including orthopedics, orthopedic surgery, ambulatory surgery, imaging centers, and ownership and management of medical office buildings.

Depth of Regional Market Experience

Aspect Health holds a significant regional market share and is particularly focused on growth/expansion opportunities in the New York-to-Boston corridor, which features significant barriers to entry given its dense level of development and Certificate of Need restrictions on Aspect Health's key product types. These markets also demonstrate exceptionally strong demographic, economic, and healthcare demand characteristics.

Expertise in Specialized Asset Types

Aspect Health has a wealth of experience and an exceptional track record in the development of specialty outpatient product types such as orthopedics, orthopedic surgery, ambulatory surgery, and imaging centers, and ownership and management of medical office buildings hosting such specialties.

Thought Leaders in Pandemic Response

Aspect Health is at the forefront of adapting its building management and advancing its technologies to keep patients, physicians, and staff safe in the wake of the COVID-19 pandemic. These response initiatives and their respective building implementations include:

Response Initiative	Building Implementation
Touchless Gateways	• Automatic door openers at the lobby/vestibule • Key fobs to replace after-hours key pad access • Foot-activated elevator controls • Touchless sink faucets and soap dispensers in restrooms • Push/pull plates to replace levers at restroom doors
Indoor Air Quality Advancements & Ventilation Improvements	• Needlepoint bipolar ion generation to clump and disinfect airborne particles • Electrostatic particle filtration to capture small particles from the air • Ultraviolet Germicidal Irradiation (UVGI) to disinfect virus particles in HVAC filters
Cleaning Protocol Improvements	• High-grade disinfectant cleaning of all common area touchpoints twice a day (day and night) to kill 99% of all germs
Signage to Support a Reassuring Experience and Promote Social Distancing	• Updates on evolving practices • Notices on how to utilize new technologies • Guides to encourage positive behavioral practices • *Wayfinding and messaging to facilitate safe habits* • Messaging for guidelines on interaction with others in the space

Sponsor Overview:

Aspect Health provides every aspect of the turnkey development and construction process from site selection through post-development, asset, and property management. In addition to expertise in all aspects of project delivery, Aspect Health provides an advisory service offering that serves as a key differentiator for the company.

Pre-Development Consulting & Strategy

Aspect Health's development services start with a consultative approach to provider projects, whereby a comprehensive understanding of client needs is established with an emphasis on aligning the provider's vision and the strategic goals of the organization. Aspect Health research capabilities provide its partners with a competitive market analysis that allows these providers to fill unmet needs in the marketplace while avoiding the pitfalls of oversaturation.

Asset Management & Property Management

Aspect Health provides comprehensive asset management and concierge property management services in-house. The asset management team covers a full slate of accounting and reporting, capital budgeting, financing, and dispositions, including experience working with institutional partners. The property management team deploys best practices and protocols adopted through its hospitality background to ensure the patient and provider experience reflects the high quality of the properties that Aspect Health develops.

Financing

One of the most significant reasons why Aspect Health is a leader in the field is its access to capital, through both self-funded equities, and access to strategic relationships with the ability to provide funds upfront. Aspect Health also has deep relationships with a diverse universe of lenders for construction and permanent financing, including national banks such as Wells Fargo Bank, Bank of America and Regions and local banks such as Union Savings Bank, The Washington Trust and Bank of Rhode Island.

Programming & Design

Aspect Health places an emphasis on patient, family, physician, and employee experience in each of its projects, stemming from the company leadership's background in hospitality. Aspect Health believes it is part of the healthcare delivery system. This focus on user experience is maintained on design/build projects across a wide range of budget and cost expectations, whether the company is working with a world-class architectural firm like Gensler Architects or regional and local design-build firms. The result reduces occupancy costs, improves productivity, and enhances the overall patient, family, physician, and employee experience.

Construction Management

Once a site has been selected and entitled, and the design and pre-construction processes are complete, Aspect Health engages its project management platform, which features a deep bench of construction professionals, including architects, project managers, estimators, and accountants to oversee the project construction team. The company conducts an extensive qualification and vetting process for selecting contractors to confirm that every bidder is qualified for the specific scope of work at hand, thereby promising smooth construction delivery.

Research Driven Design and Predictive Analytics

Aspect Health designs advanced healthcare facilities using the latest research and technologies to deliver a significantly better overall experience -- not only for patients, but for the providers who care for them and the health systems that serve them. Through a strategic partnership with Welltower®, Aspect Health can intelligently serve the needs of the population through predictive analytics capabilities.

Leading Provider Relationships

Aspect Health prides itself on the depth of its tenant and provider relationships and keen understanding of these providers' strategies. These valued relationships include:

Montefiore | Nyack

One of the regions premier hospitals and health systems

Nuvance Health

Investment-grade health system with seven hospitals totaling 1,295 beds across Connecticut

ProHealth PHYSICIANS

One of the region's largest multi-specialty practices; owned by Optum/UnitedHealth Group

SCA Surgical Care Affiliates

One of the nation's largest ASC operators with 230 locations; subsidiary of Optum/UnitedHealth Group

OrthoConnecticut

One of the state's largest independent orthopedic groups

More information on our platform and brand strategy can be found on our website at www.aspecthealthre.com

Financial Projections:

5-Year Pro Forma:

This 5-Year Pro Forma, beginning in January of 2025, reflects Sponsor's projected 12-Month Budget Summary for 2025, and thereafter is based on the assumptions as outlined below.

Pro Forma									
(Beginning January 2025)	2025-2026	$ PSF	2026-2027	$ PSF	2027-2028	$ PSF	2028-2029	$ PSF	2029-2030

Revenue:

This absolute-NNN Lease has approximately twenty-nine (29) years of remaining term with a lease expiration on November 30, 2053, with the Tenant also having two (2) seven (7) year renewal options based on 90% of FMV. The Tenant is currently paying $33.34 triple net per RSF until November 30, 2024, at which time the base rent shall subsequently escalate each year in accordance with the Rent Schedule as shown in **Exhibit I.** For the 12-Month period ending December 31, 2025, the Net Operating Income is $2,078,693.

Expenses:

The entirety of the Operating Expenses will be reimbursed by the Tenant as part of the NNN lease structure. This reimbursement is inclusive of a Property Management Fee to Sponsor equal to 3.00% of Effective Gross Revenue. The projected Operating Expense schedule for 2025 is outlined below based on Sponsor's projected 12-Month Budget Summary for 2025 and is subsequently anticipated to escalate by 2.00% per year. These projected Operating Expenses, beginning at $8.31 PSF, are in-line with comparable properties in the market. Note that the Tenant is currently seeking a New York "Leasehold Condominium" structure (as defined in the Lease) to obtain an exemption from real estate taxes under Real Property Tax Law Section 420-a. As such, Sponsors projected Operating Expenses below do not show real estate taxes. Notwithstanding the foregoing, Tenant remains responsible for the cost of any and all Real Estate Taxes, Ad Valorem Taxes etc.

Operating Expenses		
(Beginning January 2025)	2025-2026	$ PSF
Real Estate Taxes	0	0.00
Insurance	55,929	0.91
CAM	371,442	6.07
Management Fee	80,725	1.32
Operating Expenses	508,096	8.31

Financial Projections:

Debt Service:

The Property currently has an in-place Permanent Loan of $24,100,000, from Union Savings Bank, a regional lender. The Permanent Loan has a remaining term of over seven (7) years with a maturity of December 29, 2031, and bears a below-market fixed interest rate of 4.15% (interest calculated based on Actual 365/360) with principal payments each month on a thirty (30) year amortization schedule, for a loan constant of 5.83%. Monthly Debt Service is fixed at approximately $117,961, or $1,415,527 a year. With a 2025 Net Operating Income of $2,078,693, Sponsor has sufficient Cash Flow to cover its Debt Service and has a Debt Service Coverage Ratio of 1.47x. Sponsor anticipates that at maturity, the Permanent Loan will have a remaining principal balance of $21,870,116, and will be amortized down each year based on the following schedule:

Loan Principal Repayment Schedule						
Principal Amount by Year						
	Year 0	*Year 1*	*Year 2*	*Year 3*	*Year 4*	*Year 5*
Year Ended	12/31/2024	12/31/2025	12/31/2026	12/31/2027	12/31/2028	12/31/2029
Loan Balance	**24,100,000**	**23,690,680**	**23,263,801**	**22,818,610**	**22,354,321**	**21,870,116**
Principal Repaid		*409,320*	*426,879*	*445,191*	*464,289*	*484,205*

Non-Recoverable Expenses:

Pursuant to the Asset Management Agreement, Sponsor shall pay Asset Manager, who is an affiliate of Sponsor, an "Asset Management Fee" equal to two percent (2.00%) of Gross Revenues per month. The Asset Management Fee for 2025 is outlined above based on Sponsor's projected 12-Month Budget Summary for 2025. Additionally, Sponsor anticipates minor "Ownership Costs" primarily associated with accounting fees and entity filing costs, which are subsequently anticipated to escalate by 2.00% per year.

Warranty Reserve:

While Sponsor expects to Cash Flow available in-line with the projections above, as outlined under the Medical Building Lease, Sponsor at its sole cost and expense (and not as a part of Operating Expenses) is responsible for promptly correcting any defects (latent or otherwise) in Landlord's Work discovered by Tenant and reported to Landlord during the "Warranty Period", which Warranty Period survives for one three (3) year period after the Substantial Completion of Landlord's Work, which Substantial Completion occurred on January 25, 2024, and which Warranty Period runs to January 25, 2027. As such, actual Cash Flow available may be lower than projected Cash Flow available in the event of a defect reported by Tenant requiring correction by Sponsor at its sole cost and expense, however, Sponsor has already withheld a $25,000 "Warranty Reserve" in operating cash to cover all or a portion of any such defects. Note that following the expiration of the Warranty Period, as defined in the Lease under "Operating Expenses", the Tenant is responsible for "the cost of repairs and replacements made by Landlord after the completion of Landlord's Work."

Project Returns:

Equity Investment Terms:

Existing equity of $5,987,178 has been contributed by AH-RE Centerock, LLC, a Connecticut limited liability company and single purpose entity, who is comprised of the following members: Aspect Nyack, LLC, a Connecticut limited liability company, and NEOSM Real Estate Holdings, LLC, a New York limited liability company (collectively, the "Equity Investors"). Aspect Nyack, LLC has a 90.00% equity voting membership interest and NEOSM Real Estate Holdings, LLC has a 10.00% equity voting membership interest (collectively, the "Equity Interests" or "Equity Interest Percentages"). The existing equity of Centerock of $5,987,178 is comprised of approximately $5,386,378 (90.00%) contributed by Aspect Nyack, LLC, and $600,800 (10.00%) contributed by NEOSM Real Estate Holdings, LLC. Cash Flow from Operations will be distributed to the Equity Investors according to their respective Equity Interest Percentages with 10.00% to NEOSM Real Estate Holdings, LLC, and 90.00% to Aspect Nyack, LLC. In addition, Equity Investors will earn net profits from a capital event (e.g., refinance or sale) that remain after all Initial Capital Contributions are returned according to their respective Equity Interest Percentage with 10.00% to NEOSM Real Estate Holdings, LLC, and 90.00% to Aspect Nyack, LLC.

The principals of Aspect Health have contributed $3,663,014 in the form of common and/or preferred equity (100% voting/95% economic interest) to Aspect Nyack, LLC, (the "Sponsor Equity Investors") and are seeking outside investors to contribute a maximum of $1,500,000 million in the form of preferred equity (non-voting/5% economic interest)for the purpose of recapitalizing a portion of the Sponsor Equity Investors (jointly, such outside investors and the Sponsor Equity Investors are referred to herein as "Preferred Equity Investors"). The investment will provide Preferred Equity Investors with a distribution of cash flow with a cash-on-cash return of 8.00% (the "Preferred Return"). The Preferred Return shall be calculated on a daily basis and will be cumulative, and to the extent any Preferred Return is not paid, it shall accumulate and compound quarterly.

Distribution Waterfall:

Cash Flow from Operations shall be distributed in the following order:

- 1st to any liabilities of the Company (including operating expenses, construction management fees, property, and asset management fees), lender debt service and any escrow payments and capital reserve requirements; then, to the extent any distributable cash is still available,
- 2nd to be distributed to the Equity Investors according to their respective Equity Interest Percentage with 10.00% to NEOSM Real Estate Holdings, LLC, and 90.00% to Aspect Nyack, LLC. with the distribution to the Preferred Equity Investors for unpaid accumulated Preferred Return coming from the Sponsor's 90.00% economic interest.

Sale or Refinance Proceeds shall be distributed in the following order:

- 1st to any due and payable liabilities of the Company (including operating expenses, construction management fees, property, and asset management fees), lender debt service and any escrow payments and capital reserve requirements; then, to the extent any distributable cash is still available,
- 2nd *Pari-Passu* pro rata to the Preferred Equity Investors and NEOSM Real Estate Holdings, LLC, in accordance with their respective unreimbursed Initial Capital Contributions of $5,987,178 until the Preferred Equity Investors and NEOSM Real Estate Holdings, LLC have received distributions equal to their respective aggregate Initial Capital Contributions; then, to the extent any distributable cash is still available,
- 3rd the balance will be distributed to the Equity Investors according to their respective Equity Interest Percentage with 10.00% to NEOSM Real Estate Holdings, LLC, and 90.00% to Aspect Nyack, LLC. with the distribution to the Preferred Equity Investors for unpaid accumulated Preferred Return coming from the Sponsor's 90.00% economic interest, then, to the extent any distributable cash is still available,
- 4th the 5.00% Profits Interest will be distributed to the Preferred Equity Investors from Sponsor's 90% economic interest (i.e., a net effective distribution percentage of 4.50% of remaining profits to the Preferred Equity Investors).

Unpaid Accumulated Preferred Return:

Note that as of December 31, 2024, the unpaid accumulated Preferred Return due to Preferred Equity Investors is approximately $864,369, however, Sponsor will likely generate sufficient cash flow after debt service and the payment of Preferred Return on a current basis to begin repaying unpaid accumulated Preferred Return. Note that unpaid accumulated Preferred Return is Preferred Return due to Preferred Equity Investors that was accrued during the construction of the Property prior to the Tenant taking occupancy and paying rent. Sponsor anticipates that unpaid accumulated Preferred Return will be paid down each year based on the following schedule:

Project Returns:

Next Buyer Analysis:

As an active participant in the medical office industry, the Sponsor is well suited to optimize the value of this Property. The Sponsor's then-existing six-asset portfolio was acquired by Welltower in July of 2021 for a price of $99.25 million, with additional Earn-Outs of $2.284 million, for a total purchase price of $101.534 million, representing an average 5.01% capitalization rate. The Sponsor was able to command such value by focusing on the quality of construction, the credit quality of the tenancy, and accretive lease structures. The portfolio tenant mix included a combination of private practices as well as larger health systems. We expect that this Property will reflect the same attributes as the Sponsor's then-existing portfolio, which will make the Property highly desirable as an acquisition by a REIT, Private Equity Fund, or High-Net Worth Individual or Family Office due to the Property's irreplaceable mission-critical location in West Nyack, NY, the strong credit of Montefiore Health System (S&P BBB-), the Tenant investment in the space of nearly $40 million, the overall quality and new construction nature of the Property, and the long-term thirty (30) year absolute NNN lease. Note that Sponsor has received an "Opinion of Value" dated July 17, 2024, from STREAM Capital Partners / STREAM Tri-State LLC (SCP) indicating a current valuation of $37,739,104 to $41,513,014, representing a capitalization rate range of 5.00% to 5.50%, and significantly in excess of the current outstanding capitalization of $30,087,178 of the Property.

The Sponsor has primarily elected to illustrate a *"Next Buyer Analysis"* as the basis for projecting an anticipated exit valuation. Based on an anticipated December of 2029 exit, it is Sponsors opinion that the likely exit capitalization rate is **5.25%,** with a range of 5.00% to a 6.00%.

It is Sponsor's opinion that a Next Buyer would likely be an all-cash purchaser, and that a "Next Buyers" expectations for returns to equity over a ten (10) year hold period, given the risk profile of the particular investment, could reasonably be expected to reflect a requirement for approximately a 6.75% - 7.75% Unlevered IRR and a 1.70-1.80x Equity Multiple. Based on the assumption that Sponsor sells the Property to the "Next Buyer" for a value of $43,218,713, which reflects a 5.25% capitalization rate on a projected 2030 Net Operating Income of $2,268,982, the "Next Buyer Analysis" provides clear support for this exit capitalization rate. Support for this valuation range is also seen when looking at comparable bond yields for Montefiore Health System entities, of which Montefiore's 5.246% 11/01/2048 Maturity Corporate Bond is currently yielding 6.39% and its 3.787% 9/01/2050 Maturity Corporate Bond is currently yielding 5.94%, as of October 31, 2024. As such, the ten (10) year Unlevered IRR above represents a 36-basis point to 181 basis points premium over the return of a comparable bond.

Project Returns:

Capitalization Rate Disposition Analysis:

While it is the Sponsors opinion that the likely exit capitalization rate is 5.25%, with a range of 5.00% to a 6.00%, Sponsor has elected to illustrate a "Sensitivity Analysis" below with an exit capitalization rate range from **5.00% - 7.75%,** to demonstrate the security of the Preferred Equity Investor's Initial Capital Contribution position. The Sponsor anticipates having Cash Flow after Debt Service that is sufficient to pay accrued Preferred Return on a current, quarterly basis with an 8.00% average Cash-on Cash throughout the hold period. Additionally, even in the case of extreme capitalization rate expansion, to an 7.75% exit capitalization rate, there remain sufficient proceeds available to the Preferred Equity Investors and NEOSM Real Estate Holdings, LLC, to return their respective unreimbursed Initial Capital Contributions of $5,987,178 and to repay the remaining unpaid accumulated Preferred Return of $170,022. Application of the given range and our target capitalization rate range to the 2030 Net Operating Income of $2,268,982 yields the following residual values:

Cap Rate Sensitivity Analysis

Unpaid Accumulated Preferred Return	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*	*170,022*

Note that the Cost of Sale of 3.40% referenced in the chart above represents a 2.00% Disposition Fee to Sponsor, a 1.00% Outside Broker Fee, and a 0.40% New York State Transfer Tax.

Based on a 2030 Net Operating Income of $2,268,982, a 5.25% exit capitalization rate, and 3.40% Cost of Sale, total net proceeds of $41,749,277 from the sale of the Property are more than sufficient to pay off:

1. Total anticipated remaining capitalization of $27,857,294 which consists of the unamortized portion of the Permanent Loan of $21,870,116 and $5,987,178 in Initial Capital Contributions by the Equity Investors; and
2. The $170,022 in remaining unpaid accumulated Preferred Return to the Preferred Equity Investors, representing an annual Preferred Return equal to eight percent (8.00%); and
3. If available, following repayment of any remaining, unpaid, accrued Preferred Return to Preferred Equity Investors, Preferred Equity Investors will also receive a Profits Interest, representing five percent (5.00%) of the Sponsor Equity Investors' ninety percent (90.00%) Equity Interest.

Investor Annual Return and Cash Flow Summary:

Cash Flow Available to Preferred Equity Investors is calculated as 90% of the cash flow after due and payable liabilities of the Company (including operating expenses, construction management fees, property, and asset management fees), lender debt service and any escrow payments and capital reserve requirements. The Sponsor anticipates having cash flow after debt service that is sufficient to pay accrued Preferred Return on a current, quarterly basis with an 8.00% average Cash-on Cash throughout the hold period. The expected investment time frame is five (5) years. Yearly anticipated Cash-on-Cash returns are shown below:

Cash-on-Cash Return					
Yearly Projections					
	Year 1	*Year 2*	*Year 3*	*Year 4*	*Year 5*
Year Ended	12/31/2025	12/31/2026	12/31/2027	12/31/2028	12/31/2029
Cash-on-Cash	8.00%	8.00%	8.00%	8.00%	8.00%

Upon a sale or refinance, a return of 100% of initially invested capital shall be distributed pro rata to the Preferred Equity Investors and NEOSM Real Estate Holdings, LLC, in accordance with their respective unreimbursed Initial Capital Contributions. Preferred Equity Investors will earn 5.00% of the net profits from the Sponsor's 90.00% Equity Interest from a capital event (e.g., refinance or sale) that remain after all Initial Capital Contributions are returned and the Preferred Return is made for an anticipated return IRR of 10.14% with a 1.51x Equity Multiple.

Levered Returns to Equity	
Aspect Health, Inc. Preferred	**Amount**
IRR	10.14%
Equity Multiple	1.51x
Average Cash-on-Cash	8.00%

Project Returns:

Note that a significant portion of the anticipated IRR of 10.14% is derived from distributions to Preferred Equity Investors through operating cash flow, offering higher return security for Preferred Equity Investors given that the overall IRR is less sensitive to the amount of proceeds from the disposition of the Property. As outlined in the "Capitalization Rate Disposition Analysis", and as shown below in the "IRR Sensitivity Analysis" chart below, even in the case of extreme capitalization rate expansion, to an 7.75% exit capitalization rate, there remain sufficient proceeds available to the Preferred Equity Investors and NEOSM Real Estate Holdings, LLC, to return their respective unreimbursed Initial Capital Contributions of $5,987,178 and to repay the remaining unpaid accumulated Preferred Return of $170,022. As the Sponsor anticipates having Cash Flow after Debt Service that is sufficient to pay accrued Preferred Return on a current, quarterly basis with an 8.00% average Cash-on Cash throughout the hold period, it is Sponsors' opinion that Preferred Equity Investors will not need to rely on significant Property appreciation to achieve an IRR in excess of 8.00%. Note that when comparing the projected IRR of 10.14% to bond yields for Montefiore Health System entities, of which Montefiore's 5.246% 11/01/2048 Maturity Corporate Bond is currently yielding 6.39% and its 3.787% 9/01/2050 Maturity Corporate Bond is currently yielding 5.94%, as of October 31, 2024, the five (5) year Levered IRR to Preferred Equity Investors represents a 375-basis point to 420 basis point premium over the return of a comparable bond. Additionally, it is Sponsor's opinion that the Preferred Return represents an above-market return for Preferred Equity Investors as the original Preferred Return structure contemplated that Preferred Equity Investors take on construction risk, which risk has now been sufficiently mitigated as the Sponsor Substantially Completed the Landlord's Base Building Work on May 15, 2023, and the Landlord's Build-Out Work on January 25, 2024, and as of the Effective Date of the Fourth Amendment to Medical Building Lease dated July 18, 2024, the Landlord's Base Building Work and Landlord's Build-Out Work has been fully completed. Furthermore, Sponsor and Montefiore executed that certain Rent Commencement Agreement dated January 30, 2024, which stipulated that the Commencement Date occurred on November 21, 2023, and Montefiore has timely paid rent since that date, and is fully occupying and operational within the Property.

IRR Sensitivity Analysis
